

## TOGETHER WE CAN

ADDICTION RECOVERY & EDUCATION SOCIETY

At Together We Can, our primary focus has, and continues to be, the health and well-being of our residents, volunteers, and staff.

Below is important information about new steps we are taking to meet the challenge of Covid-19. In the current climate, the health and well-being of our entire community — including each of you — is at the forefront of our thinking.

These decisions were designed to make TWC safer for everyone — and today we announce several important steps:

**Events** - Planned community events, meetings, outings and tours have been cancelled effective immediately.

**Personal Hygiene** - All residents, volunteers and staff are required to limit physical contact between each other and have been instructed to continually sanitize or wash their hands.

**Pre-Admission Screening** - New intakes will be screened by our medical team prior to physical intake at any of our centres.

**Sanitization** - Our cleaning staff, client care specialists and volunteers will be increasing daily cleaning duties and sanitization procedures.

**Visitors** - Visitation from outside family members and friends is going to be immediately limited. For more information, please contact your loved one's case manager or our reception at 604.451.9854.

We have no reason to believe that anyone within, or associated with, our organization has been exposed, however, we wish to take every precaution necessary to maintain a safe, secure and healthy environment. We appreciate your patience and understanding.
